

Tuition Fee

The University sets its tuition fees with due regard to academic quality, value for money, and internationally recognized standards of teaching and learning. The rates shown below represent the estimated cost per semester for both Thai and international students. These fees cover tuition and the University's prescribed educational maintenance charges. Fee rates are subject to change in accordance with official University announcements; prospective and current students are therefore advised to verify the most up-to-date information prior to applying for admission.
